Although the ISU World Figure Skating Championships 2020 were not able to take place as scheduled due to the COVID-19 outbreak, the ISU will offer fans the opportunity to relive the excitement and beautiful performances of the ISU World Figure Skating Championships 2018.

These Championships were held in the city of Milan, in Lombardy, a region particularly impacted by the COVID-19 crisis. Therefore, the ISU wishes to dedicate these live streams not only to the host country of Italy but also to all those who are suffering from or combatting the disease worldwide, with the hope that the situation will be restored to normal as quickly as possible.
